Portfolio Link : <https://shorturl.at/6HhKW>

Address : 20/419, Vedhachalapuram, Thogimalai, Karur(DT), Tamil Nadu, India

Objective :

Enthusiastic Front-End Developer with a strong foundation in HTML, CSS, JavaScript, and Bootstrap, along with basic knowledge of UX/UI design. Seeking an entry-level role to apply my skills in building responsive, user-friendly websites and grow as a developer.

Skills :

- Frontend: HTML5, CSS3, JavaScript (Basic)
- Frameworks & Tools: Bootstrap, GitHub
- UI/Design: Figma basics, UX/UI principles
- Other: Responsive Web Design, Version Control (Git basics)

Projects :

- Portfolio Website – Responsive personal website built with HTML, CSS, and Bootstrap.
- Survey Form – Designed and developed a responsive survey form with a clean and user-friendly layout.
- Basic Calculator – JavaScript-based calculator for arithmetic operations with a clean UI.
- Responsive Website – Built using CSS Flexbox and JavaScript. Optimized layouts for different screen sizes using a mobile-first approach.

Education :

- Bachelor's in Electronics and Communication Engineering – M.I.E.T Engineering College, Trichy. (2017–2021) –79%
- Higher Secondary – Servite Matric Higher Secondary, Thogaimalai. (2016–2017) –75%

Certificate :

- Front End Web Development Bootcamp – T4TEQ Software Solutions, Trichy.
- UI/UX Design – Coursera

Soft Skills :

Communication | Teamwork & Collaboration | Time Management | Creativity & Design Sense | Attention to Detail | Empathy & User Focus
